SOFTWARE DEVELOPER JR

SUMMARY

Former college student-athlete who graduated with an Exercise Science bachelor's degree that decided to take an alternative path in his professional career and found his passion in the IT universe. Strong in creative thinking and problem-solving skills, got different certifications in some programming languages such as Python, CSS, Java, and Javascript as well as database tools. I believe growing every day more knowledgeable, disciplined and responsible are major keys for success.

RECENT PROJECTS

Modena Ristorante Website Oct 2021 - Present
Lead Developer and Designer

Designed and developed the website for the restaurant Modena Ristorante e Vinoteca using WordPress. Also, I'm in charge of using scripting or authoring languages, management tools, content creation tools, applications, and digital media and directing or performing Website updates.

Web Scraping Internship Sep 2021 - Feb 2022

Using extensions such as Panda, Beautiful Soap, Requests and Sellenium, we extracted content and data from the website <http://www.transfermarkt.es> , creating an automated process for it.

2D Videogame Design Jun 2021 - Nov 2021
Designer and Developer

Created gameplay moments for the main character with its proper colliding encounters with enemies and elements of the game using the platform Godot. Designed and developed 10 levels with and increased the difficulty and made it user-friendly. Participated in upgrading systems as well as testing and debugging.

Survey Website May 2021 - Aug 2021
Lead Developer

Responsible for designing, coding and modifying the website and its proper data base, from layout to function and according to the instructor specifications. Worked closely with other colleagues to produce the website and deploy their content - and ensuring there is a clear establishment of what can be created within what timeframe. Created website layout/user interface by using standard HTML/CSS practices as well as Bootstrap.

EXPERIENCE

Junior Aug 2021 - Present
Axter Software

Provided support to software development department. Drafted documentation. Participated in coding projects for system maintenance.

Commercial and Marketing Feb 2021 - Sep 2021
UIZARQ

Uizarq is an architecture and design company that specializes in the creation of renders and virtual walk-throughs. I was in charge of the international commercial and marketing area where I close 12 sells with clients from Argentina and Costa Rica.

English, Portuguese and Italian Tutor Mar 2013 - Feb 2021
Freelance

Throughout these years I've been helped 20+ students with their pursuit to learn a new language by giving them tools, and personalized lessons on both english and portuguese with great dedication and passion.

Community Manager Aug 2019 - Present
Freelance

Set and implemented social media and communication campaigns to align with marketing strategie for D'Cuban Cafe, Silla del Toro and FornoVero. I've provided engaging text, image and video content for these social media accounts daily and repoded to comments and customer queries in a timely manner. Built relationships with customers, potential customers, industry professionals and journalists. Stayed up-to-date with digital technology trends

Customer Service and Technical Support Apr 2012 - Jan 2013
Representative

Allus BPO Center - Movistar
Logged over 4000 hours of phone interaction with prospective and long-time customers. Answered customer calls and followed customer service protocol to ensure their needs were met. Maintained a positive attitude while helping customers navigate the company's website or file a complaint against the company.
